

ALVARADO SRD 2000 Revolving Door Turnstile

Constructed of fully formed and welded aluminum, bronze, or steel, the Crane 2000 Series Revolving Door's enclosure and canopy are by far the best in the industry. The 2000's door wings are equally well-built; fabricated from aluminum, bolted together with heavy-duty fasteners, then clad with stainless steel or bronze for a sleek appearance. The façade attachments are fully customizable.

Each level can be set up with one-way or two-way security, and integrated into the existing security system. Various operating modes can be combined or customized per your project's specifications. Be assured that your Crane 2000-S door will be beautiful as well as secure.

Common Applications

- Corporate Security
- Unattended Entry Points
- Employee and Visitor Access Control
- Time and Attendance Integration

Why Alvarado?

Alvarado is America's leading entry control products manufacturer. Founded in 1956, Alvarado turnstiles and gates are installed in thousands of locations throughout the world. Our superior product quality, integration expertise and industry leading service and support are just a few reasons that many of the world's most respected companies use our products again and again.
