HT431

Standard Passage

Full Height Turnstile (Single)

Applications:

The SecureTurn HT431 standard passage is our flagship full height turnstile. It is our most popular full height turnstile because it is extremely dependable, easy to install, and made right here in our USA-based manufacturing facility. The HT431 offers a comfortable passage width of 31 inches and it can conveniently integrate with virtually any access control software or hardware. Plus, each HT431 full height turnstile comes with 3 free safety sleeves to enhance usability and add protection.

Features:

- Tandem width saves space
- Full height for maximum security
- Self-centering mechanism
- Strong and durable- Made in the USA
- Built tough to last a lifetime
- 6 FREE Safety Sleeves

About Hayward Turnstiles:

Hayward Turnstiles has over 50 years of expertise in quality manufacturing of precision aircraft parts and reliable turnstiles. Our factory, in Milford, CT, is AS9100 Certified to aerospace standards resulting in superior turnstiles. Engineered to industrial grade specifications, they are durable and built tough for long lasting performance. Proudly made in the USA, we distribute worldwide with installations across the globe.
