

ALVARADO

CFG

Pedestrian Gates

Alvarado's CFG pedestrian gate provides patron entry and/or exit control. The Versatile CFG can be field configured to open in one direction (either entry or exit), or bi-directionally.

The gate has a 36" passage opening and meets most disabled and building code entry requirements, making it suitable for special needs access. The fully welded construction of the CSG also makes it suitable for use by shopping cart patrons. There is a lower strike plate on each side of the gate, and noise dampening impact stripes are included. The gate opens easily with minimal force. A reliable, gravity assisted closure brings the gate smoothly back to the home position.

Common Applications

- Supermarkets
- Liquor & convenience stores
- Schools & libraries
- Amusement parks
- Airports

Why Alvarado?

Alvarado is the leading manufacturer of waist high turnstiles. Since its founding in 1956, Alvarado equipment has been installed in thousands of locations throughout the world. Our superior product quality, integration expertise and industry leading service and support are just a few reasons that many of the world's most respected companies use our products again and again.

Key Features

Field Configurable Swing Direction:	Field configurable to swing in a single direction or bi-directionally.
Impact Strips:	Absorb impact and dampen noise.
Wide Opening:	Provides a wide 36" passage width
Easy to Open:	Gate opens with less than 3 lbs. of force.
Smooth Closing:	Reliable gravity-assisted closure closes the gate smoothly.
Integrates with Other Alvarado Products:	Install post outlets on gate and/or use with Alvarado, modular post and railing and turnstiles.
Handicapped Logo Sign:	8"H x 12"W clear acrylic with handicapped logo sign included

Available Models

Complementary Products

Our post and rail, as well as our turnstiles are ideal companions to our pedestrian gates. They can fill gaps in your installation, direct pedestrians and provide an integrated appearance.

Options

The CFG hinge post can be ordered with factory-attached rail outlets for integration with Alvarado's modular posts and railing

Loose outlets can also be ordered for field installation
