

ALVARADO CPST Full Height Turnstile

The CPST full height turnstile includes all the same core features as other models, but adds crystal clear rotating arms and side panels. While also being pleasing to the eye, the CPST offers the same benefits as other models that you have to come to expect. It has no exposed bolts, and comes in complete assemblies, which makes the CPST a structurally sound and stable product. The CPST is a great alternative for revolving doors indoors, and select indoor/outdoor covered locations.

Common Applications

- Perimeter control and fence line security
- Time and attendance integration
- Employee and visitor access control
- Unmanned point of entry
- Single-direction control and/or one-way exiting
- Inside and outside covered locations

Why Alvarado?

Alvarado is the leading manufacturer of waist high turnstiles. Since its founding in 1956, Alvarado equipment has been installed in thousands of locations throughout the world. Our superior product quality, integration expertise and industry leading service and support are just a few reasons that many of the world's most respected companies use our products again and again.

Key Features

Clear Side Panel:	Clear side panel (Yoke) looks great and improves visual sightlines.
Hydraulic Speed Control/Self-Centering:	Self-adjusting user pushing tension eliminates slamming and smoothly self-centers the Roto, increasing user safety and extending equipment life.
Rugged Cast Acrylic Arms:	Roto and OV arms are cast from 1" thick clear abrasion resistant acrylic to provide superior protection against forced entry.
Full Featured Control Board (electric models):	Works with any access control or card reader without added relays, electronics or programming for an effortless integration.
Pull Out Top Channel Cover:	Stainless Top Channel Cover may be removed horizontally, reducing the clear overhead space required for removal.
Easy Fail-Lock/Fail-Safe Configuration Change:	Simple change from fail-lock to fail-safe saves thousands of \$\$\$ versus competitors if a field change is required.

Available Models

CPST-6X (Electrically controlled)

Certifications

The CPST full height security turnstile is independently tested and certified by UL, conforming to both UL and CSA standards. It is also CE marked.

Options

Dozens of options and a selection of materials and finishes are available

Complementary Products

MSG pedestrian security gates often accompany full height turnstiles to facilitate delivery of material or bulky items.
