## LC100P

### Portable

#### Waiste High Turnstile

#### Applications:

The FastTurn LC100P is the perfect portable turnstile for a variety of applications — especially where permanent access control points are not desired. The LC-100P is a great solution to variations and changes in traffic patterns, as it can be wheeled in place-ready to go at a moment's notice. The FastTurn LC100P is the perfect waist high portable turnstile for a variety of applications. This simple yet rugged model has been built to withstand patron traffic from mass transit systems while maintaining an affordable budget price.

#### Features:

- Revolving door lock with turnstile functionality
- Stylish modern aluminum design
- Interior frameless clear panels
- Exterior clear sidewalls
- Solid walls for noise reduction
- Solid roof canopy
- Heavy-duty extruded aluminum framing
- High impact durable Lexan glazing

#### About Hayward Turnstiles:

Hayward Turnstiles has over 50 years of expertise in quality manufacturing of precision aircraft parts and reliable turnstiles. Our factory, in Milford, CT, is AS9100 Certified to aerospace standards resulting in superior turnstiles. Engineered to industrial grade specifications, they are durable and built tough for long lasting performance. Proudly made in the USA, we distribute worldwide with installations across the globe.
